

Greetings,

Why does ACNC restrict Societies / Organizations with DGR status only to donate to DGR Status bodies ?

There are Mosques registered with ACNC but No DGR Status, who conduct religious classes to students, their Imams attend to the social / marital problems for the community and assist poor, needy persons as well.

Surely some reasonable amounts for each Society / Organizations ACNC should allow the DGR Status organization to donate to these Societies / Organizations annually, suggesting an amount of \$10k.

I am sure a lot of Churches, Temples and Monasteries also provide these services.

A serious consideration should be given to these proposals.

Yusuf
