Dear Sir or Madam:

I am a registered Architect in Western Australia and support the view of the Architects' Board of Western Australia, that it is paramount that registration of Architects is retained in Australia. I believe the most appropriate model is a Uniform Act across Australia, administered by local State or Territory boards.

Registration of Architects will ensure that members of the public, when dealing with an Architect, are dealing with a person who is appropriately qualified by virtue of education, training and experience and is bound to conform to ethical standards.

Yours faithfully
