TO WHOM IT MAY CONCERN

I, Anthony Casella, being a registered architect support the view of the Architects Board of Western Australia in that it is paramount that registration of architects is retained and that the most appropriate model is a Uniform Act across Australia administered by Local State or Territory Boards.

I can not emphasise strongly enough that the practice of architecture be entrusted to a person appropriately qualified by virtue of education, training and experience and has demonstrated the necessary competence and professionalism to be registered as an Architect.

Yours faithfully
