Dear Professor Sloan

- * I apologise for the delay however I now enclose a submission I have received from 38 international fee paying students in our architecture course indicating that they would not have chosen to study in Australia if there were no Government regulation of architecture courses.

Yours sincerely

LAURIE W. HEGVOLD PhD
Professor of Architecture
Head
School of Architecture, Construction and Planning

Dear Madam

REVIEW OF LEGISLATION REGULATING THE ARCHITECTURE PROFESSION

We, the undersigned international students enrolled in the Bachelor of Architecture degree course at Curtin University wish to advise your Commission that, if there were no government regulation of architecture courses in Australia, this would cause confusion in our home countries and as a result we would probably choose to study architecture in a country which does have government regulation.
