RE Deregulation of the Profession

I am writing to you regarding a letter I have received from the Architects Board of WA telling me that the Architects Board has met with the representatives of the Productivity Commission to discuss deregulation of the profession.

I am a registered Architect and I teach at Curtin University in the department of Architecture. This letter is a personal letter from me and not from the University.

I strongly support the view of the Architects Board of Western Australia that it is paramount that registration of Architects is retained and the most appropriate model is a Uniform Act across Australia administered by local State or Territory boards.

This would provide the best service and protection to both clients and the community at whole that they are dealing with professionals that work att an accredited standard

Yours Faithfully
