Dear Sir

DEREGULATION OF THE ARCHITECTS' PROFESSION

As a registered architect within Western Australia, I support the principle of registration of qualified architects and administered by independent Architects' Boards within each respective state and territories within Australia.

I support a Uniform Act for architect's registration administered by the Architect Accreditation Council of Australia. I do not support the initiative that the RAIA should administer a Uniform Act as it is clearly a conflict of interest and would be seen as such by the Public.

The Architects' Act 1921 as amended is clearly in need of review and I take this opportunity to give support to a new Uniform Act for all Australian Architects.

Yours faithfully
