MELBOURNE, VIC 8003

Dear Sirs

I Greg Eastman, as a registered architect in Western Australia for some 27 years, strongly support the view of the Architects' Board of Western Australia, and believe the registration of Architects **MUST** be retained.

Time and again I have seen unqualified and unscrupulous persons providing insufficient incorrect and unethical building design, documentation and administration services which result in non functional buildings, structural failures rectification cost imposts and inappropriate and excess payments to Builders, which should not occur.

A most appropriate model to minimise such problems and to protect the public is the registration of Architects through a uniform act across Australia, administered by local State or Territory Boards.

Yours sincerely,

(signature)

G. EASTMAN F.R.A.I.A
