Dear Sir or Madam

### **REVIEW OF THE ARCHITECTS ACTS**

- I support the view of the Architects Board of Western Australia in that it is paramount that registration of architects is retained and that the most appropriate model is a uniform act across Australia administered by local State or Territory boards.
- It is important that the public should feel confident that when they are dealing with 'an architect' that they are dealing with someone who is appropriately qualified by virtue of education, training and experience and has the necessary competencies and resources.

Yours faithfully
