Attention The Chairman

REGISTRATION OF ARCHITECTS

As a registered Architect in the state of Western Australia, I fully support the views of the Architects Board of Western Australia that the registration of Architects be retained with a Uniform Act across Australia being administered by the Western Australian Board for Architects registered in Western Australia.

The risk to the community of people claiming to be Architects but without the vigorous education and training required for registration would be too great to contemplate and make a mockery of our present educational system.

Yours faithfully,

(signature)

Kym MacCormac
