Dear Madam/Sir,
Architects Inquiry

I am the principal of a small architectural practice in Fremantle, Western Australia.

I have been a registered architect in Western Australia since February 1982 and I am a long standing member of the Royal Australian Institute of Architects.

I support the view of the Architects Board of Western Australia that it is paramount that the registration of Architects is retained and that the most appropriate model is a Uniform Act across Australia administered by local State or Territory Boards.

I do not support the Royal Australian Institute of Architects nationally or locally as being the appropriate body to administer the registration of Architects.

Yours sincerely

Ralph Hoare Architect
